Providence, RI 02909

Dear Mike:

On behalf of the Bryant University community I wish to extend my sincere gratitude and appreciation for the wonderful work and effort put forth by your project team in completing the improvements made to Jacobs Drive. The accomplishments, achieved despite a compressed summer schedule and active campus environment, were many.

The project has been well received in the Bryant community, not only for the improvements to the surface but also for the successful process undertaken. I had received an email from a member of the community extolling the efficiency and courtesy displayed by your team. So much so that they continued to suggest the project team plan and coordinate all road and highway projects for the State of Rhode Island.

I would also like to acknowledge your participation in several other campus projects that have been successfully completed over the past year. Your continued dedication, both during this and previous years, has been a valued service provided to the University.

We look forward to future opportunities.

Warmest Regards,

Ronald K. Machtley,
President
